

A few moments snapped tampered time in my hands is what I feel, whenever I see these I relive my past...

If this is how you feel when you see your old photographs, you must learn the art of scrapbooking...

SCRAPBOOKING

In simple language it is the ART of preserving photographs. Through this course you will learn how to make good and unique scrapbooks, initially this technique geared up after the improvement in printing techniques since it became digitalised and cost effective.

This course includes, basic introduction to the idea and various techniques you can use for making your personalised scrapbook, making themes for various occasions, about the tools and techniques used in the process. This technique allows you to document your own personalised history, important events in life, special people, friends, occasions, this is a complete vent to your creativity.

It makes a wonderful gift, to your loved ones and to one self as well. Ahead I have mentioned the course details:
